The first column above lists the main hotel area conveniently located to Fort Sill just off I-44. Additional lodging choices are included in the second column. The Quality Inn, Days Inn, Motel 6, Knights Inn and Executive Inn are priced for the budget-minded. Most of the hotels have breakfast available. No special room rates have been negotiated with local hotels. We suggest classes with significant anticipated attendance to consider having a designated spokesman talk directly to a hotel to make arrangements for their group.
