CPT Henn was killed in action while serving with Advisory Team #80, Military Assistance Command Vietnam (MACV).

We passed each other.

Capt. Henn was in my OCS class at Ft. Sill. I'm sorry but I don't remember him. However, at my age I don't remember many things from 1966. I just went through a container of mementos that my wife had stored of mine from when I was in the service. I came across our class picture and one thing led to this web-site. I was in Vietnam from 1967 through 1968 in the Mekong Delta. I'll pray for Capt Henn tomorrow at Mass. God Bless him and his Family.

A Friend Remembers...

I served with Chuck and often visited him in his "hooch" in my unit's previous camp location. He was killed while we were within 12 kilometers of his location on an area patrol. We visited him in his camp several times after his unit replaced ours, and I was impressed by his maturity and great sense of humor. I was both deeply touched and saddened by his loss. I am sure his memory will live on for his wonderful personality - and the great sacrifice he made for all of us.

Relationship: We served together

From thewall-usa.com

I served in the US. Army, with "Chick," on Okinawa, in 1968. We worked together, 8th, Battalion, 3rd, Artillery, 30th, Artillery Brigade. (Hawk Missiles) We lived close, to each other and had the same group of friends. Yes, we partied together. Never a dull moment, when "Chick," was around. I remember, when he got, his German, Shepherd puppy. (that he named, "Hawk") I remember him, trying, to train "Hawk," to hike his leg and go, like a man. I also remember when he extended and volunteered, for Vietnam. Our 1969, Battalion "yearbook," was dedicated, in "Chick's" memory. I went, to the Vietnam, Memorial and saw and etched his name, on a piece of paper. I will, never forget.
